

# SAMPLE 1 + 1 AA DEGREE COMPLETION

## Associate in arts

This is a tentative plan to complete one year of an associate of arts (AA) degree in high school, then enroll at Sandburg for another year to complete the degree, finally transferring to Monmouth College. Courses may vary based on instructor availability and can be taken online, at Sandburg's campus or at the high school. If you're interested in an associate in science (AS) degree should meet with a Sandburg academic advisor to develop an individual plan. There's no guarantee you could complete a degree in high school due to specifically required courses.

### Completion of 31 credits at MRHS

#### FALL — JUNIOR YEAR

Course #	Course name	IAI* course #	Credit hours
SOC 101	Introduction to Sociology	S7 900	3
